CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Ken Foster Seeks County Job Again

Pointing to expanded industrial development for Palm Beach County as one of his prime objectives in the past and for the future—County Commissioner Kenneth P. Foster this week stepped up his campaign for re-election.

Foster, twice chairman of the county commission during the more than 10 years he has served on the board, is the Democratic candidate for District One commissioner in the November 8 general election.

Always a strong advocate of good government, administrative economy, rock bottom taxes and improved services for county residents, Commissioner Foster is credited by his colleagues with providing top leadership in the field of industrial development.

He now heads an industrial information committee—a new and growing statistical department which he planned and inaugurated for the county, and the commission.

Amendments Will Be On Nov. 8 Ballot

TALLAHASSEE—Florida voters will have six proposals to amend the state constitution before them when they go to the polls for the general election Nov. 8.

Four of the six proposed amendments have statewide impact. The other two are strictly local in character but must be ratified by a majority of the entire state's electorate to become effective.

The proposed amendments would:

1. Authorize the Legislature to add up to two judges to each of the three-judge district courts of appeal.

2. Permit Floridians serving in the military on overseas duty to register and vote absentee.

3. Give the Legislature control over proposed expenditures by the State Game and Fresh Water Fish Commission from the state game fund.

4. Write into the constitution the law by which each of the 67 counties share in state racing revenues.

5. Permit trial of civil suits in Volusia and Highlands Counties in cities other than the county seat.

6. Permit trial of civil suits in Brevard County in cities other than the county seat.

U.S.S.C. President Harry T. Vaughn Discusses Cane Growing In Glades At Chamber Dinner

Door-To-Door Sales Light Bulbs By Lions

The Pahokee Lions Club at the regular meeting voted to join other Lions Clubs in Palm Beach, Broward and Dade Counties in an electric light bulb sales campaign to raise funds for the Lions Sight Conservation Program.

It was decided that, instead of the usual luncheon meeting next Tuesday, to meet at the Woman's Club building at 6 p. m., Tuesday, for a supper meeting, following which members will group into sales teams and cover all residential areas in a door-to-door light bulb sales campaign to be completed in one night. The bulbs will be sold in cartons of eight bulbs at \$2 a carton.

Eugene Caruthers, program chairman, introduced as guest speaker Judge Sauls of Hollywood.

State Garden Club School Thurs.-Fri.

The Belle Glade Community Clubhouse will be the scene of Course I of the National Council of State Garden Clubs' Flower Show School on Thursday, October 27th and Friday, October 28th.

Mrs. John R. Bear, Tampa, National Council Instructor, will teach flower show practice on Thursday morning. She will teach and demonstrate with many beautiful arrangements the art of flower arranging in both the morning and afternoon session on Friday, October 28th.

Mrs. Helen Cutten, Miami, National Council Instructor, will teach horticulture on Thursday afternoon.

The public is invited to attend. For the entire course, a fee of \$5.00 will be charged to those not belonging to either of the sponsoring clubs. For the flower arrangement lecture and demonstration, alone, a fee of \$3.00 will be charged. On Saturday morning, an examination or credit will be held for members of the Florida Federation of Garden Clubs, only.

The school is being sponsored by the following garden clubs: Canal Point Garden Club, Pahokee Garden Club, Belle Glade Garden Club, The Garden Study Club of Belle Glade and the Chosen Garden Club. The school will open promptly at 8:30 a. m. each morning. Each person is requested to bring a sandwich lunch. Coffee will be furnished.

Mrs. M. C. Carter of Port Mayaca, represents the Canal Point Club on the Flower Show Committee.

LAYMEN'S SUNDAY

Laymen's Sunday will be observed at the Pahokee First Methodist Church Oct. 23, when Dr. Richard C. Lane, lay leader, will be in charge of the morning worship service. He will be assisted by the men of the church who attended the recent Methodist Laymen's Retreat at Leesburg.

Newly elected officers of the Pahokee Chamber of Commerce were inducted into office at a dinner meeting held Monday night in the Elks Club room which was attended by more than 150 members, friends and interested citizens of the Pahokee area. Harry T. Vaughn, president of the U. S. Sugar Corp., was the featured speaker and his topic for the evening was: "Sugar Expansion in the Everglades Area of Palm Beach County."

County Commission Chairman Paul Rardin acted as master of ceremonies and introduced Mr. Vaughn to the group. Com. Rardin also inducted the new officials into their respective offices. Mrs. Doris Sasser, retiring president, presided and the sumptuous dinner was served by Ladies of the Elks Lodge. Mrs. Hugh Brnach, in charge of the musical part of the program, sang two solos and presented Dicky Hurt, who offered two solos and accompanied himself on his ukelele.

Mr. Vaughn, born on a sugar cane plantation in Louisiana, came to Clewiston 31 years ago, starting his work in the USSC as a chemist, and since then has worked his way up in the company to his present position as president and general manager. Recognized as the leading authority on sugar cane and sugar production in South Florida, he delivered a timely speech of utmost importance to his audience because of the potential that lies in (continued on page 8)

2544 Acres State Land Leased For \$5 Acre Annually

More land in the Lake Okechobee Region is destined to be planted in sugar cane as the result of action by the Florida State Cabinet recently in Tallahassee.

Sitting as the Trustees of the Internal Improvement Fund, the board gave James W. Clarke of Pahokee a 25-year lease on 2,544 acres of Everglades land where he plans to raise sugar cane. Mr. Clarke came to Pahokee a couple of years ago from Manatee County.

Clarke, who will be paying \$5 an acre annually at the end of the first five-year period, predicted the land would be worth \$25 per acre by that time and boom to "fabulous" value by the end of 25 years.

The trustees will reappraise the lease at five-year intervals, with a rent increase likely at each interval as development increases the land's worth.

He estimated he would reap 50 to 75 tons of cane per acre from the land and forecast the trustees would be flooded with similar lease offers within a few months. He said troubled American relations with Cuba, formerly a major supplier, will lead to steadily increasing Florida cane growing.

The land is located east of Canal Point and north of Conners Highway.

Elks Official Pays Visit Pahokee Lodge

Jack E. Carver of Delray Beach, Elks district deputy grand exalted ruler for Florida Southeast, paid an official visit to Pahokee BPOE Lodge 1638 during the regular meeting Thursday night of last week. Eddie Vertommen was initiated into the Order, with W. E. Erickson, exalted ruler, and his staff of officers in charge of the ceremony. The meeting was followed by a barbecue supper. Among the 35 out-of-town guests were Charles Feckels of Fort Pierce, president of the Florida State Elks Association; J. Alex Arnette, past FSEA president; W. A. (Bill) Wall, grand trustee, Ed Poland and Almer Tedder, past district deputy grand exalted rulers, all of West Palm Beach.

Homemakers Name Slate Of Officers

The Pahokee Chapter, Future Homemakers of America, has elected new officers: Penny McKinstry, president; Betty Johnson, first vice president; Patsy Keene, vice president and degree chairman; Cathrine Young, vice president and work chairman; Becky Mackey, vice president and recreation chairman; Linda Woofor, vice president and public relations chairman; Sue Miller, vice president and projects chairman; Janette Harrington, secretary; Yvonne Thompson, treasurer; Joan McKinstry, historian; and Brenda Unwin, parliamentarian.

As a fund-raising project the chapter is now selling tickets for the Alice Belle Chamber School, and will sponsor a booth to sell candied apples at the Pahokee PTA Halloween Carnival, Oct. 31, Joan McKinstry to be in charge.

Plans were made to send a delegation to the FHA District 9 meeting in Miami, Nov. 12. It was announced the new president, Penny McKinstry, has filed application for a State Homemakers degree, the highest degree awarded by FHA.

Mrs. Doris Lane is sponsor of the Pahokee FHA Chapter which has a membership of 60 high school girls.

Student Members For Civic Clubs

The Pahokee High School faculty has selected five Seniors to represent the school as student members of civic clubs in Pahokee and Canal Point. Lamar Williams was chosen student member of the Pahokee Rotary Club for the 1960-61 school year; Johnny Kautz, Canal Point Lions Club; Denny Padgett, Pahokee Lions Club; Sandra Lampi and Martha Sellers, Pahokee Business and Professional Woman's Club.

Guy Sharon has returned from a visit of several weeks with his brother and family in California.

Emmett S. Roberts Seeks Re-election

A record of more appointments to interim-committees than any other member in the State House of Representatives is one phase of extensive law making experience which Rep. Emmett Roberts, Belle Glade, offers in his bid

for re-election Nov. 8 on the Democratic ticket.

Rep. Roberts, who has served in the House of Representatives since 1955 and is now the dean of Palm Beach County's legislative delegation, has served on many influential committees during the sessions he has been at Tallahassee, but he considers the work of the interim committees groups from both the House and Senate named to work on specific projects between sessions—with giving him a well rounded knowledge of state affairs and the experience necessary to (continued on page 8)

Blue Devils Meet Lake Worth Squad

The winless Pahokee High Blue Devils, with an 0-4 record to date, don't stand much of a chance to halt their losing streak in tonight's game with the Lake Worth Trojans. The visitors, big and powerful, are top contenders for this season's Suncoast Conference championship and are presently sharing the top rung of the league ladder with the Seacrest Seahawks, both having current 3-0 records in conference play. Should the Blue Devils take this one, it would be the number one upset of the week, and there are some loyal fans who think they might do it. Coach Web Fell's men have been working hard this season, setting up stout defenses in their games, but to date they haven't been too lucky, as the record shows.

Against the McCarty Eagles at Fort Pierce Friday night, the Blue Devils gambled in the second quarter on a fake punt play on their own 38. Instead of punting, Quarterback Denny Padgett tossed a screen pass to John Russon who picked up some good blocking and went all the way, 64 yards, for a TD. Padgett then went through the line for the extra point and the Blue Devils were ahead, 7-6, as the half ended. The Eagles snapped back with another six points in the (continued on page 8)

Week Of Prayer For Pahokee WSCS

Plans for observance of a week of prayer and self-denial, with Oct. 24 and 25 designated as special observance days, were made by the circles of the Pahokee Methodist Woman's Society of Christian Service at their October meetings, Monday. It was announced a School of Missions course of study on "The Alcohol Problem" will be presented at the church, starting Wednesday, Oct. 26, and continuing for three successive Wednesdays.

The Mabel Simonson and Margery Lair Circles met jointly at the home of Mrs. Frank Friend. At brief business sessions, held separately, the Mabel Simonson group, with the chairman, Mrs. H. J. Anderson, presiding, chose as its home missions sunshine project for the year, visitations to the sick and bereaved; and the Margery Lair group, with Mrs. Ralph Stanley presiding, remembering shut-ins and the sick on their birthdays. Mrs. G. W. Byrd and Mrs. M. P. Stanley explained how the special fund raised during week of prayer would be used to promote mission work. It was announced the two circles will meet separately in November, the Mabel Simonson group with Mrs. Lon Wilson and the Margery Lair group with Mrs. John Padgett.

Remembering shut-ins and the needy at Christmas time with appropriate gifts was chosen by the Miriam Circle as its sunshine project for the year at the meeting at the home of Mrs. O. D. Carpenter, with Mrs. Vance Denton, co-hostess, and Mrs. E. D. Sims presiding in the absence of the chairman, Mrs. Georgia Frick. Mrs. Jack Spencer presented the program, "Christian Citizens," and Mrs. Sims gave the devotionals.

Mrs. R. B. Simonson, chairman of the Mary Martha Circle, presided at the meeting of the Mary Martha Circle at her home. Mrs. John Hutton, program chairman, presented a program in preparation of the week of prayer and self-denial and distributed program books for the year to those present. The circle chose as its sunshine project for the year, remembering shut-ins and the needy at Thanksgiving time. It was announced Mrs. Lloyd Hundley will be hostess at the November meeting at her home.

Driver's License Should Be Dated On Your Birthday

TAMPA—The county judge of one of Florida's largest counties has come out strongly for issuance of drivers' license in the month of the licensee's birth.

The change, says Judge William C. Brooker of Hillsborough, would "transform a nightmarish circus into an orderly efficient operation."

The jurist expressed his views in response to a questionnaire from Jefferson County Judge Kenneth E. Cooksey, president of the Florida County Judges Association. A copy was sent to the Peninsula Motor Club which, along with other AAA clubs, has long advocated birth month issuance of licenses instead of the scramble for license during the month of September as presently exists.

The proposed change also has the backing of the Florida Highway Patrol and of the Florida Citizens Advisory Committee on Highway Safety.

Judge Brooker gave the birth month issuance as first preference in a series of possibilities for the

handling of license. His second preference was to transfer the duty of issuing licenses to the Tag Agency of the Tax Collector's office "because they are related operations."

Lions Join Safety Program Locally

Canal Point Lions at their regular dinner meeting voted to participate in the Lions School Safety program which has become popular all over the State since its introduction to the public by Leo Randall of the Southside Lions Club, Fort Lauderdale, several months ago. The club will purchase a large "Safety Pennant" for the Canal Point School, which will be placed just below the United States flag on the school's flag pole, and a small safety pennant for each room. If any school child has an accident while at school or going to or from school, the large pennant will be lowered to half mast and remain there through the day the accident occurred. President P. A. Slonaker introduced M. Gibson who showed a film on the manufacture of malt beverages.

Plastic Flowers Are Demonstrated

Mr. and Mrs. C. T. Santee had as dinner guests Sunday her sister, Mrs. Martin Diebold, of West Hollywood; also Mr. and Mrs. Richard Ogle and family, Mr. and Mrs. R. A. King, Mrs. Edna Barrett and Miss Alice Hand.

In the afternoon Mrs. Diebold gave a demonstration on the making of Lady Carol plastic flowers. Others joining the group in the afternoon to see the demonstration and try their hands at making the flowers were Mrs. Luther Jones and Mrs. Ray Whitlock of Belle Glade and Mrs. Lee Tillis and Mrs. Robert Higginbottom of Canal Point.

SAM MCKINSTRY, SR., IN HOSPITAL, HEART ATTACK

Sam McKinstry, Sr., is in the Pahokee hospital suffering from a heart attack. Reports today are to the effect that he is getting along as well as can be expected.

Elementary School Principal H. H. Austin is a patient there. John Chandler, and Mrs. Gertrude Burney are also in the hospital.

Mrs. Evans Renamed Leader Of Circle

Mrs. W. S. Evans, re-elected chairman of the Ione Patterson Circle, Canal Point Baptist WMS, presided at the October meeting of her circle at the home of Mrs. M. C. Carter. Other elected officers are Mrs. J. S. Chastain, vice president, and Mrs. M. F. George, secretary-treasurer.

Mrs. Evans named as standing committee chairman: Mrs. J. D. Latham, program; Mrs. J. E. Williams, community missions; Mrs. W. W. White, stewardship; Mrs. C. B. Jones, mission study; Mrs. J. H. Bordeaux, publications; Mrs. J. S. Chastain, social; Mrs. Paul Rardin, prayer; Mrs. Frank O'Connell, Baptist children's home; and Mrs. Carter, publicity.

The program, "Enlistment for Growth", was presented by Mrs. Evans and Mrs. Latham gave the devotionals. Plans were made to participate in the WMU Palm-Lake Association meeting in the Community Building at the Glades Park, Canal Point, Oct. 20. It was announced Mrs. Rardin will be hostess at the next meeting at her home, Nov. 14.

BPW Club Holds Supper Meeting

A program relating to the coming election in November was presented by Miss Barbara Myatt, chairman of the legislative committee, at a supper meeting of the Pahokee Business and Professional Woman's Club at the home of Mrs. Elena Mindlin, with Mrs. Ada Bush and Mrs. Grace Graham, co-hostesses. The party platforms, qualifications of candidates and amendments to be voted on were studied and discussed.

Introduced as guests were Mrs. Julian Branch, Mrs. Myrth McCormack, Mrs. Gene McDowell, Mrs. Robert Lampi, Mrs. Frances Hines and Mrs. Don Wilson. It was announced a business meeting will be held at the home of Mrs. Allie Okie, Nov. 1.

flameless electric cooking

is the modern way for a modern day

CLEANER! Flameless electricity won't smudge pots and pans nor produce soot and greasy film to dirty your kitchen walls and curtains.

COOLER! Flameless electric cooking keeps the kitchen 8 to 16 degrees cooler than flame-type units which emit heat along with soot and other products of combustion.

EASIER! Electric ranges automatically provide exactly measured heat at fingertip control.

SAFER! Electricity is flame-free, fumes-free for precious peace of mind. No danger from open flames. No constant-burning pilot light. Safe as an electric light bulb!

BETTER! Flameless electric cooking preserves food color, flavor and healthful minerals. Vitamins are not "boiled away." Up to 15% less meat shrinkage.

CHEAPER! The operating cost of a modern electric range is about a penny a meal per person. Sunshine Service Electricity is the biggest bargain in town.

See your electrical appliance dealer today and enjoy the blessings of flameless electric cooking.

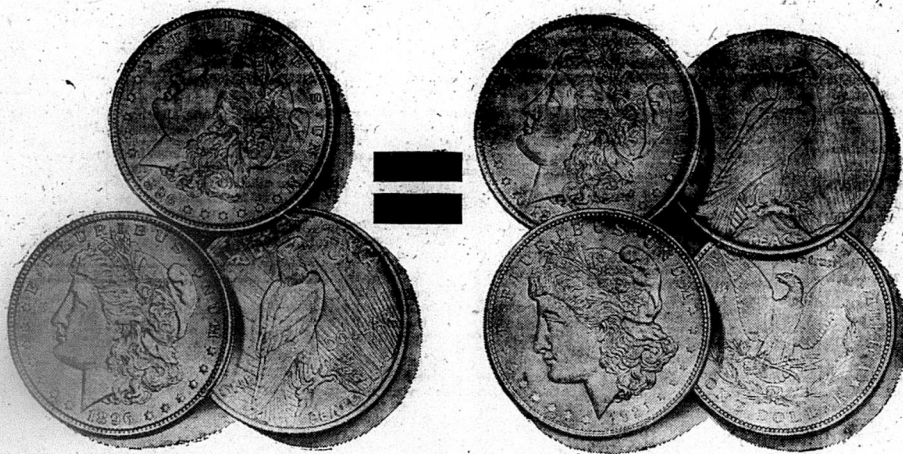

• There are good reasons why nearly a million Florida families have switched to electric cooking. Call your nearest FPL office and get the facts.

Here's what the new $3\frac{3}{4}\%$ interest rate on U.S. Savings Bonds means to you:

\$3 = \$4 *fourteen months faster than before*

The Bonds you own are better than ever, too

The new $3\frac{3}{4}\%$ rate means your savings grow faster than before with U.S. Savings Bonds. \$3 becomes \$4, or \$3,000 becomes \$4,000 in just seven years, nine months. This applies to all Series E Bonds bought since June 1, 1959.

Then, all older Bonds, both Series E and H, pay more now—an extra $\frac{1}{2}\%$ from June 1 on, when held to maturity.

And, all Series E Bonds carry a new 10-year extension privilege. This means your Bonds will keep earning liberal interest automatically after maturity.

These three new cash benefits make today's U.S. Savings Bonds the finest in history. They make the ones you own now better, too.

More advantages of U.S. Savings Bonds

You can save automatically. Just tell your company how much to deduct every payday for Bonds, and your Bonds will be delivered to you. This way you can't forget to save. And, remem-

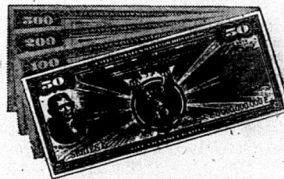

ber, the money you don't touch can't slip through your fingers.

You can get your money, with interest, when you need it. Your Bonds are a ready reserve to use anytime you wish. But, it pays well to hold them.

Your savings can't be lost or stolen. The U.S. Government guarantees to replace your Bonds, free, if anything ever happens to them.

You save more than money. The Bonds you buy help keep the peace because peace costs money. Money for better education, new scientific research, greater military strength. And the money you save helps strengthen our nation's economy which depends on the financial strength of individuals to keep it sound.

Start saving with U.S. Savings Bonds today. You'll save more than money.

Miss Janet Kirk Wed To W. Robt. Walker

Miss Janet Ruth Kirk, daughter of Mr. and Mrs. Ralph Kirk of Belle Glade, and William Robert (Robbie) Walker, Jr., son of Mr. and Mrs. W. R. Walker of Pahokee, were married Sunday at high noon in the First Baptist Church at Belle Glade, by the Rev. Sam S. Hill, pastor, officiating at the double ring ceremony.

The bride, given in marriage by her father, wore a white silk organza gown of street length featuring applied lace medallions and cap sleeves. Her shoulder-length veil was attached to a tiara of seed pearls. She carried a nosegay of white rose buds with satin streamers, centered with a white orchid.

Miss Sonya Figueroa, the bride's only attendant, wore a street-length dress of pink silk organza with pink accessories and carried a nosegay of pink rosebuds.

William Robert Walker, Sr., served as his son's best man. John Schlechter and W. E. Schlechter were ushers.

Mrs. Kirk chose for her daughter's wedding a two-tone blue silk dress with royal blue accessories and a corsage of tangerine mums. Mrs. Walker, the bridegroom's mother, wore a moss green dress with matching accessories and a corsage of tangerine mums.

The reception following the ceremony was held in the recreation hall of the church, with ladies of the church, hostesses.

For the wedding trip to the East Coast the bride changed to a forest green silk two-piece suit with matching accessories.

The couple will make their home in the Stringari Apartments, Canal Point. Mr. Walker is employed at the USDA field station in Canal Point.

Pesticide Residues Point Up Necessary Of Reading Labels

Americans have become alarmed over recent discussions of pesticide residues, the amount of chemicals left on food crops or livestock following harvest or slaughter.

It would be desirable, of course, to produce crops without using chemical pesticides. Unfortunately, however, insects and diseases are so prevalent that our food supply would not be nearly as abundant—in fact, probably would even be much below normal requirements—if no pesticides were used. Since they must be used, pesticides must be used with caution so they will protect crops and animals and not harm the people who eat the crops or the meats.

Much has been said about tolerances of residues allowed by law, but little has been said explaining that the legal tolerances have been set up with an enormous safety factor.

The fact that a particular crop exceeds the legal tolerances does not necessarily mean that eating the food will result in any harm. True, most pesticides are poison, but poisonous or not, they are necessary for our present rate of production.

Because they are poison, extreme care has been taken to insure that harmful amounts are not left on food plants and animals. While they admit the basic idea of protection for the consumer is good, too much emphasis has been placed on the fear of pesticide residues.

Boatcade Draws Many Enthusiasts

Among those who are taking part in the annual Kissimmee River Boatcade this week, Tuesday through Friday, are Mr. and Mrs. Jack Phillips, Mr. and Mrs. Paul Sasser and son, John Paul, and daughter, Miss Faith Sasser, Mr. and Mrs. James Smith, Mrs. Alma Farrow, Mrs. Allie Okie, Milton Wilson, Joe Usher and Donnell Hall. Entertainment highlights included a dance and barbecue at the City of Kissimmee Wednesday night and a barbecue at Clewiston this Friday night.

Legion Convention In Miami Beach

MIAMI—Sixty-thousand "space age" Legionnaires are converging on Miami Beach for the 42nd annual American Legion Convention. It promises to be the biggest and best ever.

For at least five days between Oct. 15 and 20 the delegates will make history as they hear from presidential candidates Nixon and Kennedy, parade down Washington Avenue and take up important issues of this election year.

Importance of the missile age has been underscored by the Defense Department's agreement to display many of its rockets, including the Thor, the Polaris and others in front of the Miami Beach Convention Hall.

Additional speakers who will be heard by the delegates will include FBI Director J. Edgar Hoover, Dr. George K. C. Yeh, ambassador of the Republic of China, and Martin B. McKneally, who will deliver his National Commander's report.

Local civic leaders predict the convention will give the Gold Coast's fall and winter season a big—and much needed—extra boost.

Sorority Honors Five New Pledges

The city council of the Beta Sigma Phi Sorority entertained Wednesday afternoon at the home of Mrs. Helen Jean Boynton with a Coke party honoring the five pledges of the Beta Omicron Chapter: Mrs. Marian Hatton, Mrs. Ruth Ann Zimmerman, Mrs. Sylvia Elliott, Mrs. Laura Hatton and Miss Lynette Hammond. Members of the Xi Alpha Mu and the Xi Beta Tau Chapters, as well as Beta Omicron, were guests.

Mrs. Barbara Branch sang songs of Beta Sigma Phi, accompanied at the piano by Miss Jan Plumer. The history of the sorority, both national and local, was reviewed by Mrs. Evelyn Lair. Beta Sigma Phi traditions were given by Mrs. Evelyn Lair. Background piano music was played by Miss Dottie Lair and Miss Jan Plumer, daughter of sorority members.

The committee in charge of arrangements included Mrs. Norma Aldridge, chairman, Mrs. Lois White, Mrs. Betty Waits, Mrs. Janet Johnson and Mrs. Helen Jean Boynton. Approximately 45 guests attended.

Reduction Of Gas Tax Is Studied

JACKSONVILLE — The scheduled one-cent reduction in the federal gasoline tax next June 30 will bring an increase of more than \$225 million a year in funds available for the nation's interstate highway construction program, the Florida Petroleum Council noted today.

"Highway construction will benefit, not suffer, with expiration of the temporary gasoline levy," Chairman John F. White pointed out.

"Congress has provided that when the federal tax drops back to three cents, some \$802 million a year in automotive excise taxes that now go into the General Fund of the U. S. Treasury will then be earmarked for roadbuilding. This is well over \$225 million more than now comes from the temporary one-cent gasoline levy, according to House Report 1120 presented in the last session of Congress," he noted.

He pointed out that no new legislation is needed to effect this increase since the law passed by Congress and signed by the President made provisions for the interstate system's financing after the expiration of the added gasoline tax.

Under terms of the legislation, White said, \$690 million from the excise tax on new cars and \$112 million from taxes on automobile parts will go to the highway fund instead of the General Fund as of July 1.

This money, he said, represents part of the \$1.7 billion a year in automotive taxes which is currently diverted from highways.

Florida GALLINULE...

BABY GALLINULES ARE BORN WITH A WELL DEVELOPED LITTLE FINGER ON THE WINGS WHICH HAVE A CLAW ON THE END. THIS IS A REMNANT OF THEIR PREHISTORIC ANCESTORS, THE FLYING LIZARDS, FROM WHICH ALL BIRDS DEVELOPED... WHEN HATCHED THEY LEAVE THE NEST SOON.

THE GALLINULE IS OMNIVOROUS, EATING BOTH ANIMAL AND PLANT FOOD. THEIR TREMENDOUSLY LARGE FEET ALLOW THEM TO WALK ON LILY PADS WHERE THEY SEARCH FOR AQUATIC INSECTS AND CRUSTACEANS WHICH THEY FIND UNDER THEM... HIS LENGTH IS ABOUT 14 INCHES AND HIS COLOR IS MOSTLY BLACKISH. HIS FOREHEAD IS COVERED BY A SHIELD AT THE BASE OF HIS BILL TO PROTECT HIM FROM SHARP REEDS WHILE SEARCHING FOR FOOD.

FLOATING NEST... IS BUILT OF DRIED REEDS AND GRASSES AND TIED TO LIVING REEDS IN THE WATER. AS THE NEST BEGINS TO WATERLOG, NEW REEDS ARE ADDED UNTIL NEST IS AS MUCH AS A FOOT DEEP BY THE TIME EGGS HATCH. EGGS MUST NOT GET WET OR THEY WILL NOT HATCH. THE EGGS NUMBER FROM 6 TO 12 ARE BUFF WHITE AND SPARSELY SPOTTED WITH BROWN.

Eastern Star In First Meet Of Season

Mrs. Mabel Young presented a special program at the first meeting of the season of the Pahokee Chapter, Order of Eastern Star, honoring Mrs. Freda McEwan of West Palm Beach, grand secretary of the Florida Grand Chapter, OES, and past grand matron. The program theme, featuring a rainbow with the star of gold, was carried out by the star stations. Introduced by Mrs. Flora Nix, conductress, Mrs. McEwan gave a brief talk and was presented with a corsage. Visitors included several members of the Belle Glade and West Palm Beach 41 Chapters.

Shirley Decorates Front With Blocks

The front of the Office occupied by Shirley Brothers, Inc., near the sugar mill railroad crossing between Canal Point and Pahokee has taken on a new look. Decorative concrete blocks were used this week to build a completely new front, thereby serving as a sun screen and adding beauty to the front. The blocks are just a sample of the many decorative block styles available at the popular Shirley Brothers concrete and ready-mix plant. The work of laying the blocks was done by a master craftsman, Leonard Maxson of Canal Point.

GIRL SCOUTS ORGANIZE

Members of Pahokee Girl Scout Troop 247, at a meeting with their leader, Mrs. J. T. Boynton, to organize for the coming year, elected Ruthelle Vandegrift, White Station Patrol leader; Kathy Boynton, Lucky Clover Patrol leader; Wanda Gail Sims, troop treasurer; and Beverly Wilkinson, scribe. Susan Todd assisted Mrs. Boynton as assistant troop leader.

Stuart, spiritual life chairman, who is in charge of arrangements.

MAC BARFIELD IN SHELL STATION IN CANAL POINT

Mac Barfield is the new operator of the Shell Station on US441 in Canal Point, having succeeded John Stanford, who moved to South Bay this week where he takes over operation of an independent station there. Mr. Barfield formerly operated the Standard Station just north of the school house in Canal Point but closed it a few weeks ago and took a job in Indiantown where he worked until this week. He invites his friends to visit him in his new location.

HEINTE LOSES FINGER

H. C. Graham, engineer at the Pahokee waterworks plant, severed the index finger of his right hand in an unusual accident while starting a power mower. He had tied a small wrench to the starter cord for use as a grip, when he pulled the cord, starting the motor the cord tangled in the flywheel and was yanked from his hand with such force that the wrench cut off his finger.

Senior Girl Scout Troop Plans Work

Pahokee Senior Girl Scout Troop 38 at the meeting Wednesday evening in the Johnson Clinic with Mrs. E. C. Johnson, leader, voted to paint and redecorate the room at the First Methodist Church which has been loaned by the Church to the Girl Scouts for Scout use. Work days were planned for Thursday afternoon following school and Friday, starting at 10 a. m. Jann Plummer is in charge of arrangements.

Jann gave a report on the meeting of the Girl Scout Council which she and Heather Reed attended recently in West Palm Beach as Troop 38 representatives. The troop voted to start its Christmas project around the first of November. Near the close of the meeting the three patrols met separately to discuss activity plans.

Christian Science Group Of Canal Point

The practical significance for today of Christ Jesus' victory over death will be brought out at Christian Science churches Sunday in the Lesson-Sermon entitled "Probation After Death."

Scriptural readings will include the following: "Now when Jesus was risen early the first day of the week, he appeared first to Mary Magdalene, out of whom he had cast seven devils. . . . Afterward he appeared unto the eleven as they sat at meat, and upbraided them with their unbelief and hardness of heart, because they believed not them which had seen him after he was risen" (Mark 16:9, 14).

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this will be read (46:20-24): "Jesus' unchanged physical condition after what seemed to be death was followed by his exaltation above all material conditions; and this exaltation explained his ascension, and revealed unmistakably a probationary and progressive state beyond the grave."

Song Is Written By Mrs. C. M. Todd

Mrs. Uldene Todd of Pahokee, who has written words and music to several published songs, has received word that one of her songs, written especially for a mission program of the Woman's Society of Christian Service, has been accepted for use by the doctors and nurses of the mercy ship, S. S. Hope, which is being outfitted in San Francisco for a good will tour of Indonesia and Southeast Asia to bring hope and relief to the sick and disabled natives of that area.

After reading a newspaper article about the proposed voyage of the S. S. Hope, Mrs. Todd wrote to Dr. William B. Walsh, heart specialist of Washington, D. C., director of the expedition, offering the use of her song which was entitled, "Southeast Asia." In reply Dr. Walsh told her that the ship's personnel was having to plan its own programs of entertainment and "we think your song might be a welcome addition to the repertoire."

The song was written in December, 1956, and sung by Mrs. Hugh Branch on a WSSC program relating to mission work in Southeast Asia at the Pahokee First Methodist Church. Mrs. Todd, former office secretary of the Pahokee Chamber of Commerce, has been a resident of Pahokee since the pioneer days and is very active in church work. Her husband, C. M. Todd, manager of the Pahokee State Farmers Market, is an author.

Garden Club Meet Held In Pahokee

Mrs. Ivan Van Horn of Belle Glade demonstrated the making of artificial grapes for decorative purposes with paraffin at the October meeting of the Pahokee Garden Club, held Tuesday at the home of Mrs. Jess M. Elliott with Mrs. Frank Friend, president, presiding. Mrs. Elliott demonstrated the making of poinsettia blossoms with liquid plastic.

It was announced the Pahokee Club together with the Belle Glade and Canal Point Clubs, will jointly sponsor Course One of Flower Show Techniques at Belle Glade Oct. 27-28. The course will be conducted at the Belle Glade Woman's Club with sandwich luncheons at noon. Examination for those who wish to qualify as flower show judges will be held Oct. 29.

Plans were made to attend the District 10 meeting of the Federation of Garden Clubs in the Glades Office Building, Nov. 16. Luncheon will be at Jameson Hall, with Belle Glade Club members acting as hostesses. Mrs. R. B. Simonsen is in charge of luncheon reservations for the Pahokee Club.

Plans were made for a "Christmas Wreath" program at the November meeting, members to bring wreaths for judging and discussion: Mrs. H. M. McIntosh will be in charge.

Co-hostesses with Mrs. Elliott at the sandwich luncheon at noon were Mrs. J. T. Platt, Mrs. J. S. Chastain, Mrs. C. M. Todd and Mrs. E. A. Jensen.

SUNDAY SERMON

Dr. Henry W. Blackburn of West Palm Beach, superintendent of the West Palm Beach District of Methodist Churches, will deliver the sermon at the evening worship service of the First Methodist Church Sunday, following which he will preside at the quarterly conference to be held by members of the church.

New President In Woman's Club Meet

The Pahokee Woman's Club at the first business luncheon meeting of the season, held at the clubhouse Wednesday of last week with the new president, Mrs. B. R. Mosley, presiding, voted to participate in the international good-will letter-writing plan that is being directed for the Florida Federation of Woman's Clubs by Mrs. Frank Filewicz of Largo. The group also voted to contribute 25 cents per member to the FFWC State and national convention fund.

It was announced the club will donate the use of its clubhouse to any organization wishing to sponsor the Cancer Work Day at Pahokee during the coming year. Instead of serving hot meals at the club luncheons, as has been the custom in the past, it was voted to have sandwich luncheons with two hostesses, members to bring sandwiches and the hostesses to furnish cold drinks, coffee and dessert. Mrs. M. P. Stanley outlined program plans for the next three meetings.

Charm School Scheduled Pahokee

Miss Alice Bell returns to Pahokee to again conduct her Charm and Fashion School under the sponsorship of the Xi Alpha Mu chapter of the Beta Sigma Phi. Mrs. Joan Tucker, president, announces that the school will be held at the Elk's Club on Monday and Tuesday October 24th and 25th. Ladies who are interested in attending the course may choose either 9:30 to 11:30 a. m. or 8:00 to 10:00 p. m. to attend. The charge for the course of two sessions is \$5.00.

This year the teenage course will be sponsored jointly with the Future Homemakers Club of Pahokee High School. As a service project Xi Alpha Mu gave the FHA girls the opportunity to sell the tickets to teenage girls and in return will be given half of the money from their tickets. The teenage course is given from 4:30 to 5:30 p. m. and is \$2.50 for the two sessions.

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{2}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{2}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $\frac{1}{2}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

YOU SAVE MORE THAN MONEY WITH U. S. SAVINGS BONDS

Emmett S. Roberts—

continue to serve as an outstanding legislator for his home county.

The fact that he has won so many appointments, Roberts said, is a credit to Palm Beach County since it has allowed him to build many valuable friendships and contacts that are "most effective" when seeking legislative benefits for this area.

He said all these contacts and friendships will be needed to further action for the Boca Raton University now in need of an \$8.5 million legislative appropriation for actual construction.

"It will take all the influence, personal contact and prestige that can be marshalled to convince the legislature that this money is needed now," Roberts declared.

The Glades legislator, incidentally, introduced the bill in 1955 which pin pointed Palm Beach County as a site for a four-year college. The move has since been kept alive by Roberts and other members of the legislative delegations.

Two committees on which Roberts serves were recently brought to Palm Beach County for "grass roots" conferences with county residents. The legislative committee on education which Roberts heads, met here Oct. 8 and the interim committee on finance and taxation was brought here by Roberts on October 14.

Among committee appointments Roberts considers put him in top position to do something for his home county is the State Legislative Council—a 16-man delegation which acts as the research arm for the development of major legislation in the state. Roberts is the only House member from the 6th Congressional District to hold membership in this group.

Other committee appointments include vice chairman of the interim committee for appropriations and auditing, a group more commonly known as the "watch dog of state finances," vice chairman of the state's agricultural service committee which worked out the first major reorganization of the agricultural department which will go into effect in 1961—the first such reorganization since the state charter was drawn in 1885; member of the roads and highways

group now investigating bid practices in state highway construction; has served as a member of the legislative appropriations committee since 1955 and will likely be named to that group again during the coming session.

Roberts is credited with drafting the first major legislation designed to provide better housing for migrant workers. In his assignment as chairman of the State Migrant Labor committee he drafted a bill which gives the state board of health authority to license migrant camps after housing conditions meet required standards.

In his home town, Roberts serves as executive director of the Belle Glade Housing Authority—a project operated for migrant workers and their families.

On the national level, Roberts serves as Florida's representative on a Council of State Governments—a national research committee recommending state needs in the field of national legislation.

Roberts has an outstanding record as a civic leader and is a past president of the Resources Development Board; served as vice chairman of the Central and South Florida Flood Control District which gave him a first hand look at this section's water control needs; past district Governor of Lions International, past exalted ruler of the Elks Lodge.

He is a graduate of the University of Florida with a degree in agricultural engineering, a trustee in the Episcopal Church, a Major in the Active Army Reserve, member of the American Legion, Veterans of Foreign Wars and a member of the Masonic Lodge.

Roberts said he wished to emphasize that the county is divided into groups for the purpose of electing two members to the House of Representatives, however, voters from every part of the county are

eligible to cast their ballots for both groups in electing their representatives.

Ken Foster Seeks—

sion's airport committee, a group pushing for new industries at International Airport.

Though he is the recognized champion for new industry, Foster said he has never lost sight of the fact that tourism, new construction and greater agricultural potential are most important to the future progress of Palm Beach County.

He said he will continue to lend his full support to any measure that will help promote this area as a vacation land and will continue a search for new dollars for the agricultural and livestock industries so important to the county.

Constantly alert for new ways to encourage big industry to settle here, Foster has already played an important part in bringing Pratt & Whitney, Minneapolis Honeywell, RCA, Butler Aviation and many other industrial leaders to this section.

On county, state and national levels, Commissioner Foster has earned a wide following for his work in development of greater industrial growth for Palm Beach County and his experience gained in the search for new industry is frequently shared with other groups seeking industrial advantages for this area.

In the field of new construction and planned growth for the county, Foster has long been a staunch supporter of any measures that will improve building and living conditions. He has taken an active part in establishing a strong building code, rigid plat regulations for subdivision development and county zoning.

These interests have lead Foster

to support other measures such as adequate flood control and drainage, extension and improvement of the county's road and bridge system, adequate protection for waterways and beaches and the development of more state and county parks and recreational areas.

"Our county must continue to grow and progress," Foster said, "but this growth must be planned and timed to fit our economic pattern and not carried out at the expense of the public through increased taxation. Sound economy in government is the first trust of every public official."

Foster is an active civic leader and holds memberships in a number of organizations which include the American Legion, Veterans of Foreign Wars, Forty et Eight, Florida Club, West Palm Beach Fishing Club, Elks Lodge, Kiwanis Club, Palm Beach County Police Foundation, West Palm Beach Board of Realtors and the Chamber of Commerce.

He is a member of the Masonic

Order, Harmonia Lodge 138; Scottish Rites, Commandary, Mahi Shring Temple and the Palm Beach County Shrine Club.

A member of the First Presbyterian Church in West Palm Beach, he resides with his wife Virginia and daughter Susan on North Flagler Drive.

third quarters taking the lead away from the Devils. Pahokee made another determined bid to come back in the final quarter, driving to the Fort Pierce 16, but a pass interception by the Eagles deflated their high hopes for victory in the waning minutes of the contest.

The kick-off is at 8:15 on the new Lair Field and, of course, Bandmaster Robert O. Lampi's crack PHS Band will be on the field to strut their stuff during the halftime show.
